📄 PROFILE

Motivated full-stack web development learner seeking internship to apply knowledge and contribute to real-world projects. Eager to learn from experienced professionals and grow as a developer.

🔑 INTERESTS

- I code by day, GATE by night, fueled by a passion for both the digital for web development and the analog for circuits.

✍️ DECLARATION

Combining a sharp analytical mind honed by GATE preparation in the ECE stream with a growing love for the creative world of Full Stack development. Proficient in HTML, CSS, JavaScript (including animation!), and eager to build my skills in React and Node.js. Seek an internship opportunity to translate logic and problem-solving skills into impactful code, collaborate with experienced developers, and learn from the best, further solidifying my foundation for GATE excellence.

🎓 EDUCATION

B.Tech. 3rd Year, Electronics and Communication Engineering (ECE)

Intermediate (MPC Stream) - GAYATRI Junior College present | Srikakulam, INDIA

B.Tech. 3rd Year, Electronics and Communication Engineering (ECE) | Pursuing strong foundation in web development technologies during current studies. Intermediate (MPC Stream) - GAYATRI Junior College (89.6%) | Developed logical thinking and problem-solving skills through rigorous mathematics and physics coursework.

📖 COURSES

1)HTML and CSS in depth

🌐 LANGUAGES

Languages: English (expert, writing and communication), Telugu (native, fluent reading and writing), Hindi (conversational). Passionate about using language for creative expression in both print and digital media.

🧩 CUSTOM

From Learner to Leader: My Full-Stack Evolution

Unlocking Efficiency, Line by Line

Dedicated problem-solver with an insatiable appetite for full-stack development challenges. Eager to leverage patience, analytical skills, and technical expertise to become a valuable asset to your team. Thriving in collaborative environments and driven to innovate and learn on the job, ready to contribute to real-world projects from day one.
